STAT Mr. [redacted] Chief,
General Purchase Branch
Central Intelligence Agency,
Washington 25, D. C.

STAT Dear [redacted]

Since our last meeting on March 19th. with you and your committee, we have been making extensive tests trying to find a method of manufacturing the 9-1/2 x 12 open end, center seams, Special open window and Special Pocket envelope from Sub. 20 paper. We find that it would be impractical from a manufacturing standpoint to attempt to make this type of envelope from lighter weight paper.

However, if you would like to enter your orders for the 24 Sub. Pocket envelopes as per our quotation of March 18/59, we would be most happy to accept these orders and give you the very best delivery and personal attention possible.

If there is any further questions that we may be able to help you with, do not hesitate to call on us at any time.

Yours very truly,

UNION ENVELOPE COMPANY

D. B. Finnigan
